MUNICIPAL RECORD BOOSTER FOR CITY

Latest Number of Commission's Publication Will
Advertise Salt Lake.

Noble Warrum, city recorder all the time and editor once a month, yesterday distributed the May issue of the "Municipal Record," the monthly publication of the city administration.

The cover page of the month contains an excellent cut of the new Utah capitol building, and the number is also embellished with two illustrations of the Pioneer park playgrounds, which were formally opened June 8.

An increase in the size of the number is also noted, the additional space being devoted to "boosters" for Salt Lake, the principal article being run under the caption, "What We Have in Salt Lake."

A total of 2000 copies of the issue is to be mailed to different sections of the country by the Commercial club publicity bureau.

The back cover of the issue shows an illustration of the Walker building.

The entire number is replete with short, pithy sayings of a boosting nature, the principal one of which, printed on the cover page, describes Salt Lake City as "The Center of the Solid West."

STATE RESTS IN THE CASE OF J. E. BROWN

(Continued from Page One.)

seemed to defy him and warned him to keep away if he valued his life and his family. When cross-examined by the state, he said that when he first approached the Brown house after Brown had incarcerated himself in it, he heard Brown talking, apparently to himself, and that Brown seemed to be in a high state of agitation. The killing of his daughter seemed to distress Brown very much, said Sheriff Blaise, and the witness testified that he could hear Brown groaning and crying as he came near the house.

The witnesses who heard the defendant enter the telephone booth, on cross-examination, that Brown's voice appeared unnatural and agitated. Harry Ackerman was examined regarding the clothing worn by the Dubois when they were shot, and as to the wounds received by the two victims of the affair.

Sheriff Thomas F. Keller of Carbon county testified regarding the amount of cartridges that could be held by guns of the character which were used in the homicide.

Mrs. Vine Dubois Recalled.

F. B. Hammond, Jr., and Mrs. Vine Dubois were recalled by the state and questioned regarding the position of the bodies of Dubois and wife after they were shot, and each told of timing Mrs. Vine Dubois on a trial sprint from the place where she first saw Brown immediately prior to the shooting to the scene of the killing. This they testified took place some time after the killing and was suggested by County Attorney Robertson in order to ascertain the amount of time it would take Mrs. Dubois to run the distance.

Some twenty witnesses are here to support the defense. Many of them will testify regarding James A. Dubois's alleged connection with Mrs. Poose Empey the woman on whom the defense places the blame for Brown's estrangement with Dubois. The state has entered a vigorous objection to the introduction of this evidence, and the decision of the court is being awaited with interest. Two more witnesses arrived from Moab today and will give rebuttal testimony for the state.

REHEARING DENIED IN THE EDDY CASE

CONCORD, N. H., June 28.—The supreme court today denied a rehearing in the case involving the legality of the residuary bequest of Mrs. Mary Baker Eddy to the First Church of Christ Scientist of Boston. The suit was originally brought in the superior court by Mrs. Eddy's son, G. W. Glover of Lead, S. D., seeking to have the residuary bequest declared void and the residue of the Eddy estate, valued at about \$2,000,000, divided between Glover and Mrs. Eddy's adopted son, Dr. Ebenezer J. Foster Eddy of Waterbury, Vt. This was referred to the supreme court for determination of the legal points involved. The supreme court recently ruled that the residuary bequest was legal and did not conflict with statutes quoted by the plaintiffs limiting the size of bequests to churches. Counsel for Glover then asked for a rehearing.
